

## **VIDEOGRAPHER & EDITOR**- at Triticum Exploitatie B.V. - [www.l-mesitran.com](http://www.l-mesitran.com)

We are looking for a talented and confident candidate to join our team!

### **This is our vacancy in a nutshell**

The videographer & editor will be a key member of the L-Mesitran in-house marketing team and will be responsible for creating visually engaging video content. The videographer & editor will have camera experience, and a further passion for storytelling, motion graphics/visual effects, animation and all facets of post-production. The ideal candidate must have the ability to handle the demands of various production schedules and devote the necessary time and resources to meet deadlines.

This position is a highly collaborative creative role and will work closely with the management, research team and external parties to help articulate, support, maintain and elevate the L-Mesitran brand.

### **These would be your daily primary tasks**

- Make creative and educational content;
- Proactively find wound care experts and interview them;
- Think out of the box and set up (and carry-out) marketing campaigns;
- Work with the operational, sales and content creation teams to optimize campaigns;
- Monitor the progress and results of activities and ensure cross-channel campaign integration and alignment, and report and use findings to improve the campaign planning and execution;

### **Profile**

Creative communication skills;

Camera skills would be a plus;

A passion for storytelling and creating & editing content;

English is the primary language;

Eager to learn and makes sure that we have a strong cross-channel online presence;

Preferably experience with Photoshop;

### **Contact**

Motivation and CV must be supplied in English **only**. Address your correspondence to Mr. Falco Slegt, [falco@mesitran.com](mailto:falco@mesitran.com), Slepeweg 44, 6222 NK in Maastricht. Should you have any questions, please email or call at +31 43 325 1773.

### **About us**

Triticum is an international medical device company and a global leader in the field of wound care management products based on honey. With headquarters in Maastricht, this company has been established in 2000 and has an international, competitive culture. The product range includes honey based wound care (L-Mesitran).
